26th January 2024

Dear Parents/Carers

As you are aware we are taking part in the Brilliant Brushers toothbrushing scheme, to promote healthy dental care, encouraging our children to brush their teeth and use a suitable toothpaste. As part of this care, it is important that children are drinking water from an open topped bottle and not through a straw. Juice through a straw is particularly damaging for children's teeth, causing tooth decay. In nursery we are promoting drinking more water to keep our teeth healthy. The Brilliant Brushers scheme have kindly given us water bottles for the children to use whilst at nursery.

Therefore, as of Monday 29th January the children will no longer need to bring a water bottle to nursery. They will all have one in nursery with their name on and we will refill these daily. Children who stay for lunch can bring juice in a bottle for lunchtime, but this will only be accessed at lunchtime.

The children will not be allowed to bring juice into the nursery classroom.

If you have any questions, please speak to myself or another member of the nursery team.

Thank you

Vikki Jones

Nursery Teacher
