30th April 2025

Dear parents

As many of you are already aware, most of the roof across nursery and school are made with Reinforced Autoclaved Aerated Concrete (RAAC). We were informed last academic year that this needed to be removed and have been waiting for the funding to be released from the Department for Education. The funding has now been agreed and the project is starting this week. The work will involve installing temporary buildings on the playground and field which will be used from September for school and nursery. The work to remove and replace most of the school roof will then take place and once completed we will move back into the main building. We will send further detail about the project next week.

Children will continue in their current classrooms until the end of this term. While the work is carried out to prepare and install the temporary buildings, the playground will temporarily be re-located to a large section of the car park. This will be secure and will be the only change for the children (in school). There will be no changes for Nursery.

From TOMORROW Thursday 1st May the pedestrian entrance from Church Walk will be

closed. This will allow the contractors a dedicated entrance onto the site away. The pedestrian entrance from Baldwin Webb Avenue (by the flats) and the main driveway will continue to be open as normal. There will be no access to the back of school, playground, field or Willow School. As a result we need to make some changes to where children enter and leave the building.

Nursery – no changes, please continue to come to the nursery door for drop off and collection. Please can afternoon nursery parents not arrive before 3:15 to collect children as the entrance will be used by 2 classes from school to leave at 3:10.

Reception – no changes, please continue to use the usual door for drop off and collection.

Year 1 – children will enter by the main entrance (by the office) at the start of the day. Children will be collected at 3:10 from the nursery entrance. Please wait on the nursery ramp to collect.

Year 2 – children will enter by the main entrance (by the office) at the start of the day and leave through the same door. Please wait in the small car park area to collect.

There is a map on the back of this letter to show these changes. These changes will be in place for the rest of this term. If you usually use the Church Walk entrance then you may need to allow extra time for getting to / from nursery and school. Children must wait with their adults at all times.

Please do not hesitate to ask if you have any questions or queries. We are hoping to hold an information session for parents in the next couple of weeks.

Your sincerely
Mrs C Boddy

Children must wait with adults at all times (including older siblings) and walk with adults when moving around the site.
