## Friday 19th June 2026

As another busy week of learning ends it doesn't seem possible that there are only four weeks until the end of term. The last few weeks will be busy with Sports Days and preparation for transition in September.

We are expecting the work to be carried out on the playground next week. It is likely to be quite noisy but it will be great to have the playground back before the end of term.

Other symptoms associated with high glucose levels to look out for:

**PE**

On PE days in school children need to wear a plain white t-shirt, plain black or dark blue joggers / leggings / shorts, and a school jumper / cardigan.

Type 1 diabetes is an auto-immune condition in which the body's own immune system attacks the cells in the pancreas which produce insulin. We do not know what causes type 1 diabetes, although it is not linked to lifestyle factors. There is currently no cure and it cannot be prevented.
